Blue Dental PPO Plus Standard With Vision

2017 plan year

Overview

About this plan

Get the coverage you need to complete your health care plus worry less about whether that care is in network. Dental care for the whole family is covered. In or out of network, your plan shares the same portion of the cost. This plan also covers vision care for adults, like exams, eyeglasses or contacts.

Availability

You can buy this plan if you live in any Michigan county. Unlike most other Blue Cross plans, Blue Dental PPO Plus Standard with Vision isn't available on [healthcare.gov](#).

Plan type

PPO. For dental care, you can go to any licensed dentist and this plan will share the cost. But you'll pay less if you see an [in-network dentist](#).

VSP. For vision care, you can go to any eye doctor and this plan will share the cost. But you'll pay less if you see a [VSP eye doctor](#).

Who's covered

This plan covers dental care for all ages.

Vision coverage is for adults age 19 and older as of plan effective date. Why doesn't this plan cover children?

Because of health care reform, all medical plans you purchase yourself must include pediatric vision care.

Monthly premiums

To give you an accurate price, we'll need some information. Use the link below to see if you are eligible for help in lowering your monthly cost.

[GET A QUOTE](#)

Deductible for dental care

Class I services have no deductible. There is a deductible for Class II and III services only. Class IV is not covered.

In network

One member: You pay \$75.
Two members: You pay \$150.
Three members: You pay \$225.

Out of network

One member: You pay \$75.
Two members: You pay \$150.
Three members: You pay \$225.

Coinsurance for dental care

In network

Class I: You pay 20%.
Class II: You pay 40% after deductible.
Class III: You pay 50% after deductible.
Class IV: You pay 100%.

Out of network

Class I: You pay 20%.
Class II: You pay 40% after deductible.
Class III: You pay 50% after deductible.
Class IV: You pay 100%.

Annual benefit maximum for adult dental care

In network

\$1,000 for each adult

Out of network

\$1,000 for each adult.

Annual out-of-pocket max for pediatric dental care

Dental benefits for pediatric members work differently than they do for adults. When you see a dentist in the preferred network, there's a limit on your share of the costs each year. That's called an out-of-pocket max.

In network

- One member: You pay no more than \$350.
- Two or more members: You pay no more than \$700.

Out of network

Not applicable

Adult vision care

Coverage includes:

- One eye exam each calendar year.
- One pair of standard frames every other calendar year.

You choose between coverage for prescription glasses (lenses and frame) or contact lenses, but not both:

- Contacts covered once each calendar year, or
- One pair of standard lenses covered once each calendar year

Costs include:

- Copay starts at \$10 for an eye exam by an in-network provider.
- If you go to an in-network provider you pay the difference for frames or contacts that cost more than \$130.

See vision tab for details.

Related documents

For even more details about this plan, see:

- [All-Ages Dental Certificate of Coverage \(PDF\)](#)
- [Pediatric Dental Certificate of Coverage \(PDF\)](#)
- [Adult Vision Certificate of Coverage \(PDF\)](#)

Certificates are legal documents that describe the benefits of a health insurance plan. Your plan might have different benefits and limitations than those listed in this document.

Adult Dental

Adult members are age 19 or older at the start of the coverage year.

Plan benefits

When you go to a dentist who accepts this plan, that's called getting your care in-network.

Because this plan is a PPO, you're covered when you go to a dentist who doesn't take this plan, but you'll pay more. That's called getting your care out-of-network.
